## AWU UPDATE - QLD HEALTH - CORONAVIRUS

With the outbreak of coronavirus and four confirmed cases in Queensland, AWU members in Queensland Health are at the frontline of keeping our state safe and healthy.

**The AWU is working with Queensland Health and the Queensland Government to ensure that worker safety is everyone's priority at this time.**

We understand that Queensland Health has been in contact with all staff to offer support and assistance.

**We know that the threat of coronavirus has meant many AWU Queensland Health members have gone above and beyond to provide services to the community and we're extremely proud of their efforts.**

If you have any questions or issues, make sure to contact your AWU Delegate or Organiser.

**Remember: if you have visited China recently and are sick you must immediately see a doctor.**

**FOR ANY INFORMATION PLEASE CONTACT YOUR
